Hi Karin

I would like to thank you for the service that you provided us with in June of 2008. The driver Xeblon was incredibly knowledgeable about the town, we always found ourselves where we needed to be within good time. The bus was in great condition and always clean. Not only were we privileged enough to have a good bus service, but you were also able to organize a rental car for us on very short notice. Thank you for all the assistance, we look forward to dealing with you in the future.

Kind Regards
